

Instructions for Logging into APEGS Central – Renewing Membership and/or Reporting CPD

Follow the steps below to log into APEGS Central, the self-serve portal and report your CPD. **Note that during renewal time, even if you will not be paying your fees online** (for example, your company will be paying for you separately or you are paying by cheque), **you still need to go to your profile** to review and update your information, indicate in the appropriate screen how payment will be made, and report your Continuing Professional Development (CPD) at that time, or you can log in later and report your CPD if you are not ready to report it at the time you are renewing.

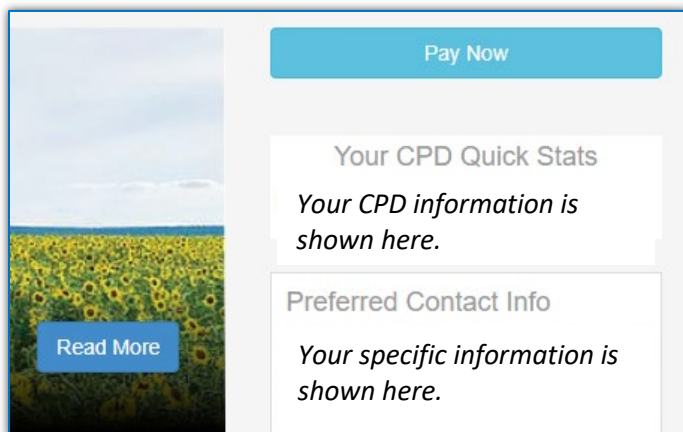

STEP 1: Click **Login** in the top right corner of the APEGS homepage at www.apegs.ca

A screenshot of the login form on the APEGS Central website. The form is titled "User ID is 5-digit APEGS ID" and contains two input fields: "User ID is 5-digit APEGS ID" and "Password". Below the password field is a checkbox labeled "Remember Me?". A "Sign in" button is located below the checkbox. At the bottom of the form, there is a link that says "Forgot your password?".

STEP 2: Enter user ID and password.

User ID is your 5-digit registration number. Use a preceding zero if it is a 4-digit number.

To reset your password, click “Forgot your password?” If you have trouble, check your spam filter before contacting APEGS. You may have to use your home email address rather than your business one to receive emails from APEGS.

STEP 3: During renewal time, click **‘Pay Now’** to be guided through all the screens you need to see to renew and review/update your information on record with APEGS. This includes CPD reporting, subscriptions, Permission to Consult (if applicable to you) and other information.

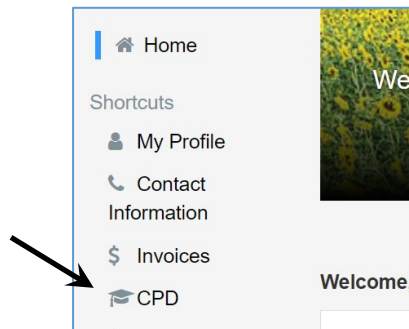

*If you will not be paying online, you will have the option to indicate that.

STEP 1: Navigate to the CPD screen in APEGS Central.

STEP 2: Click 'Edit' to enter your Scope of Practice in the gray box.

Members who currently hold Permission to Consult and/or are Engineering or Geoscience Licensees will have their scope of practice already defined and must use that same description here. All other members can self-declare their scope of practice and modify it as required. [Edit](#)
