July 10, 2026

Top Section

BAR is seeking an Intermediate Projects Engineer with oilfield pipeline experience to join our Projects Team in our Energy Division.

About the Position

This position is responsible for the completion of technical and project support activities on assigned projects and provides support to senior team members while reporting to the Projects Manager.

More specifically, your duties and responsibilities will be to:

- Participate in project design problem solving within the team.
- Confer with clients and conduct research to determine project requirements.
- Assist with the preparation of proposals including cost estimates, project schedules and project designs.
- Provide project management support and co-ordinate all engineering work with the various departments involved with the project.
- Ensure designs conform to standards, specifications, and client requirements.
- Provide technical input into existing and emerging business streams.
- Ensure that project deliverables are met and effectively manages change throughout the duration of the projects.

- Provide peer review support for engineering work and quality control checks.

About the Candidate

You will need a Bachelor's Degree in Engineering with a minimum of 3-4 years engineering experience and be registered or eligible for registration with APEGS or APEGA. Experience in pipeline design and construction is preferred.

Other qualifications:

- Knowledge of industry standards, codes, and regulations.
- Experience working in oil and gas or energy infrastructure environments is preferred.
- Familiarity with CSA Z662 and other relevant pipeline codes is considered an asset.
- Strong time management skills and the ability to prioritize tasks effectively.
- Ability to work independently as well as cooperatively with colleagues.
- Effective communication skills, both written and verbal.
- A hands-on approach to problem-solving and an eagerness to learn.
- Valid driver's licence with clean driver's abstract.

BAR Engineering offers competitive salary, benefits package, relocation allowance, flexible work schedule, an incredible work environment, and career advancement opportunities.

If this opportunity interests you, please email your resume to careers@bareng.ca

Please note that only those candidates selected for an interview will be contacted.
