

Senior Risk Evaluator Specialist

In Scope

Permanent, Full Time

Location: Regina Head Office, Regina Harbour Landing, or Saskatoon Property Claims

Pay Range: \$93,975.00 - \$118,596.00

Closes August 25, 2026

Work Location: This role is eligible for **hybrid** – this means you'll have the flexibility of working from home and in the office (**in Regina Head Office, Regina Harbour Landing or Saskatoon Property Claims**), on a scheduled rotation once probation requirements have been met. Until then, the successful incumbent will be expected to work on-site, full-time.

Work should be so much more than just a job you do to earn a paycheck. And at SGI, it is.

We offer the essentials – a competitive salary, great pension, and excellent employer-paid family benefits. But we also provide opportunities. The opportunity to do work that makes a difference in your community. The opportunity to expand your professional skills and grow your career. And the opportunity to come to work every day to a job you're passionate about and that leaves you feeling happy and fulfilled.

Now that we've (hopefully!) sparked your interest, here's some good news: we're hiring!

We're looking for a **Senior Risk Evaluator Specialist** to join our team.

We hope you consider applying if you:

- Have knowledge of loss prevention inspection and hazard methods, including theories and their effect on the insurability of risks.
- Have knowledge of structural design, construction practices, and applicable building codes.
- Can review and interpret blueprints, engineering reports, and other technical documentation.
- Are highly detail-oriented and able to analyze information to make informed recommendations.
- Can effectively manage multiple priorities and deliver results in a fast-paced environment.
- Possess strong verbal and written communication skills, including the ability to present information clearly and confidently to a variety of audiences.
- Demonstrate strong relationship-building skills and can develop and maintain effective business relationships with internal and external stakeholders.
- Are a self-starter who takes initiative and works independently while collaborating effectively with others.
- Possess strong leadership and mentoring skills and enjoy supporting the growth and development of others.
- Have strong facilitation skills and are comfortable working with multiple stakeholders to achieve shared objectives.

Typically, these skills are gained through a **four-year degree in Engineering, Level 1 Thermography certificate, Fireman Boiler certificate, WETT certificate, must hold a Professional Engineering designation in Canada (P.Eng), a Saskatchewan Building Official License from Building Standards and Licensing Branch, as well as possess a valid driver's license and 6-8 years' experience in building construction, field surveys, inspections or estimating with at least 4 years as a Professional Engineer (P.Eng)**. But we don't want you to worry about checking every box! We know the confidence gap and imposter syndrome can get in the way, so please don't hesitate to apply. We'd love to hear from you!

What else do we offer?

Our [website](#) gives a run-down of the many perks of working with us, including:

- **Work-life balance**
How does an extra day off every two weeks sound?
- **Personal development**
We invest in our employees. We provide leadership and employee training, and provide education funding, to support your self-improvement goals and keep our teams thriving.
- **A positive, healthy work culture**
Work culture can be the reason an employee stays or leaves a job. At SGI, we've worked hard to develop a culture we're proud of. And we continue to invest in our culture through training to make sure that our actions (and culture) reflect our corporate values: caring, passion, innovation, and integrity.
- **Awesome people**
Seriously. We hire the best people, and you get to work with them. At SGI, you'll find the work family you didn't know you needed.

We strive to be the kind of employer that employees recommend to a friend. We want our employees to want to come to work, and we look forward to your application!

To learn more about this position, check out our [website](#). There, you'll find all requirements and accountabilities in greater detail.

At SGI, we're committed to building a workplace where everyone feels seen and heard, and where every individual is respected. Our commitment to reconciliation includes actively hiring Indigenous people and creating opportunities for diverse talent to thrive. We offer more than a job; we embrace diverse backgrounds and experiences, provide a career with purpose, growth, and belonging. Join us and help shape a workplace where every voice matters and contributes to our shared success.

If you require an accommodation during the recruitment process, we invite you to submit your accommodation request to employeeleaves@sgi.sk.ca and we will work through your request with you. All information received will be kept confidential.

Remember, the position closes Tuesday, August 25, so submit your application [online](#) by 11:59 p.m. SK time.
